STORAGE CONTAINER

hire made convenient and simple in Manchester

Finding a secure, reliable and cost effective way of storing your possessions, equipment or stock isn't always a straightforward process. Self-storage can be expensive and inconvenient. However, with the simple and affordable storage container hire services from Manchester Cabins you can safely store your belongings and have them close to hand at all times. At our family owned and operated factory in Manchester, we convert shipping containers that have been built to withstand the rigours of ocean life into strong, secure storage containers. Our containers come in 2 sizes, 10ft and 20ft, and can be delivered anywhere in the North West.

RELIABLE AND AFFORDABLE STORAGE

Many businesses and individuals require reliable storage for all types of goods, products or belongings. No matter whether you are relocating your office, need to store unused equipment or have run out of warehouse space, Manchester Cabins can provide a storage solution to meet your needs.

Features at a glance:

- ▶ Corrugated steel walls for maximum security
- ▶ Full height doors with locking bars
- ▶ Anti-tamper steel padlock cover
- ▶ Insurance approved padlock included
- ▶ Shelf storage area fitted to back container

Most of our steel storage containers are ex-shipping containers designed to withstand the rigours of marine transportation.

Our storage container hire units are constructed with corrugated steel walls and doors. Full height doors are fitted to one end of the storage unit. For the complete package we provide a returnable insurance approved padlock. All containers come with a set of 3 shelves fixed to the back of the unit to make use of space.
