

TapcoSlate Classic almost indistinguishable from natural slate – yet it has an even more refined appearance. TapcoSlate Classic will not crack, break or delaminate, and its product formulation and manufacturing processes provide durability, performance, and longevity for many years to come. By providing a lightweight and easily-installed product, installation costs are lower, with less waste!

- Lightweight – as low as 12kg per square metre.
- Easy to install with pre-marked nailing and exposure guides and spacers.
- Easily cut with a fine-toothed saw or sharp utility blade.
- Built-in camber for tighter fit when fixed in situ.
- No sorting, clipping, or drilling prior to roof loading. Packaged in bundles of 25 for easy handling.
- Fittings (ridges and hips) are mechanically fixed.
- Choice of colours (6 standard colours and one Mix stocked for immediate availability).
- 40-year warranty.
- Local Authority Building Control (LABC) & Local Authority Building Standards Scotland (LABSS) Registered Details product.
- Fully tested to BBA, ETA and CE standards, including fire rating, wind, driven snow & rain, and water absorption.
- BRE testing for wind-driven rain found TapoSlate Classic to perform much stronger than all equivalent materials tested and at a lower pitch.
- TapcoSlate Classic **is not** made from recycled plastics but is manufactured from recyclable virgin limestone and polypropylene.

**** The ONLY BBA approved synthetic slate with minimum pitch capability of 14° on felt**
