385208.6	395533	T309	Early-mature	06. Horse Chestnut	Red Horse Chestnut	Aesculus x carnea	10 ~ 15	11	30 ~ 45		Occasional pruning wounds due to crown lifting (generally occluding well).		Basal bark wound/s noted (generally occluding well).	Canopy growing close to/around utility pole.	Decay pocket/s noted (generally occluding well).		Canopy is overhanging the footpath and road	Yes	Light/light column clearance: 2m clearance from edge of canopy.	Mod	Good	20 ~ 40	Moderate	B
385198.1	395560.2	T314	Early-mature	06. Horse Chestnut	Red Horse Chestnut	Aesculus x carnea	10 ~ 15	9	30 ~ 45			Surrounding vegetation prevents detailed inspection.;Dense Ivy cover at base.	No long term value.		Extensive decay found.;Multiple decay cavities noted.;Decay cavity noted in main stem.		Canopy is overhanging the footpath.	Yes	Reduce tree to a standing stump.	Mod	Fair	10 ~ 20	Moderate	R
385177.9	395624.8	T320	Early-mature	Laburnum	Common Laburnum	Laburnum anagyroides	10 ~ 15	4	15 ~ 30	In overall poor condition.	Multiple pruning wounds due to crown lifting (generally occluding well).;Stubs present due to past pruning.		Co-dominant stems. Deadwood noted (minor). No long term value. surface rooting present.		Extensive decay at base of stem.;Multiple decay cavities noted.;Decay cavity noted in main stem.;Small decay pocket in branch/stem union.			Yes	Coppice to just above ground level.	Mod	Poor	10 ~ 20	Moderate	R
385241.8	395620.3	T341	Early-mature	09. Sycamore	Sycamore	Acer pseudoplatanus	5 ~ 10	6	15 ~ 30		Multiple pruning wounds due to crown lifting (generally occluding well).;Stubs present due to past pruning.;Multiple pruning wounds due to crown lifting (generally occluding well).		Stub/s present due to past branch loss. Tear wound/s from previous branch loss. Deadwood noted and poor formation of wound wood. No long term value.		Decay cavity noted in main stem.;Multiple decay cavities noted.			Yes	Reduce tree to a standing stump; Remove tree and replace.	Low	Fair	10 ~ 20	High	R
385237.2	395632.5	T347	Mature	Lime	Common Lime	Tilia europaea	20 +	11	60 +	In overall fair condition.			Deadwood noted.	Foliage shows good vitality.			Canopy is overhanging the footpath.	Yes	Crown clean and formative prune.	High	Good	40+	High	B
385272.2	395684.2	T364	Early-mature	09. Sycamore	Sycamore	Acer pseudoplatanus	10 ~ 15	12	45 ~ 60	In overall fair condition.	Multiple pruning wounds due to crown lifting (generally occluding well).			Utility cable/s passes through the crown.	Decay pockets within old pruning wounds.		Ground level disturbed in rooting area; monitor condition for signs of decline.	Yes	Utility cable clearance: 2m from edge of canopy.	Low	Good	20 ~ 40	High	B
385287.1	395687.2	T366	Early-mature	01. Ash	Common Ash	Fraxinus excelsior	15 ~ 20	12	45 ~ 60		Occasional pruning wounds due to crown lifting (generally occluding well).		Deadwood noted (major) anmd a hanging branch.	Foliage shows poor vitality.	Small decay pocket in branch/stem union.;Decay pockets within old pruning wounds (generally occluding well).	Ash die-back (Charlara fraxinea).	Canopy is overhanging the footpath and car park.	Yes	Crown clean; Pollard to main union point/s; Remove hanging branches.	Urgent	Fair	10 ~ 20	Moderate	B
385291.4	395686.1	T367	Early-mature	01. Ash	Common Ash	Fraxinus excelsior	15 ~ 20	15	45 ~ 60		Pruning wounds present throughout crown (generally occluding well).		Broken branch within crown. Deadwood noted.	Foliage shows limited vitality.		Ash die-back (Charlara fraxinea).	Canopy is overhanging the footpath and car park.	Yes	Crown clean; 30% Overall crown reduction/re-shape; Formative prune.	High	Fair	10 ~ 20	High	B
385315.8	395630.6	T387	Early-mature	01. Ash	Common Ash	Fraxinus excelsior	0 ~ 5	12	30 ~ 45	In overall poor condition.		Dense Ivy cover on stem/s.	Deadwood noted.	Foliage shows limited vitality.				Yes	Pollard to 3.5m.	Mod	Poor	20 ~ 40	Moderate	B
385298.2	395622.3	T393	Early-mature	Lime	Common Lime	Tilia europaea	15 ~ 20	11	45 ~ 60	In overall poor condition.	Multiple pruning wounds due to crown lifting (generally occluding well).;Stubs present due to past pruning.;Previously crown reduced.	Epicormic growth at the base.	Tree is out-growing its location with no long term value. Deadwood noted.		Extensive decay found.;Decay cavity noted in main stem.			Yes	Reduce tree to leave a 2m standing stump.	Mod	Fair	20 ~ 40	Moderate	B
385341.3	395615.5	T401	Early-mature	11. Willow	Grey Willow	Salix cinerea	5 ~ 10	8	30 ~ 45	In overall fair condition.	Multiple pruning wounds due to crown lifting (generally occluding well).		Co-dominant stems with a compression fork noted at main union point.	Canopy growing towards/against building.				Yes	Coppice to just above ground level.	Low	Fair	20 ~ 40	Moderate	B
385350.3	395614.9	T404	Early-mature	01. Ash	Common Ash	Fraxinus excelsior	10 ~ 15	14	45 ~ 60	In overall fair condition.			Deadwood noted.				Canopy is overhanging the footpath.	Yes	Crown clean.	Low	Fair	20 ~ 40	Moderate	B
385353.1	395608.5	T405	Mature	09. Sycamore	Sycamore	Acer pseudoplatanus	15 ~ 20	18	60 +		Occasional pruning wounds due to crown lifting (generally occluding well).	Dense Ivy cover on stem/s.	Deadwood noted and a hazard beam noted in crown.	Foliage shows poor vitality.			Canopy is overhanging the footpath and road.	Yes	Crown clean and remove hazard beam/s and defective branch/es.	High	Fair	20 ~ 40	High	R
385353.5	395604.1	T406	Mature	Lime	Common Lime	Tilia europaea	10 ~ 15	12	45 ~ 60		Occasional pruning wounds due to crown lifting (generally occluding well).	Epicormic growth at the base.;Ivy cover on stem/s.			Extensive decay at base of stem.;Decay cavity noted in main stem.	Kretzschmaria deusta identified.	Canopy is overhanging the footpath and road.	Yes	Fell to ground level and poison stump.	High	Poor	<10	High	R
385348.3	395601.1	T408	Semi-mature	06. Horse Chestnut	Common Horse Chestnut	Aesculus hippocastanum	5 ~ 10	9	30 ~ 45	little live growth remaining; almost completely dead.			Tree in poor condition with multiple faults identified.		Extensive decay found.;Decay cavity noted in main stem.			Yes	Reduce tree to a standing stump.	High	Poor	<10	Moderate	R
385354.5	395596.8	T413	Mature	06. Horse Chestnut	Common Horse Chestnut	Aesculus hippocastanum	15 ~ 20	18	60 +	In overall fair condition.	Occasional pruning wounds due to crown lifting (generally occluding well).;Stubs present due to past pruning.		Bark wound/s noted (generally occluding well). Co-dominant stems. Deadwood noted.	Foliage shows good vitality.	Decay pockets within old pruning wounds (generally occluding well).		Canopy is overhanging the footpath and road.	Yes	Crown clean.	Low	Fair	40+	High	B
385356.8	395584.6	T415	Early-mature	Lime	Common Lime	Tilia europaea	10 ~ 15	11	60 +		Multiple pruning wounds due to crown lifting (generally occluding well).	Epicormic growth at the base.;Dense Ivy cover throughout.	Deadwood noted.	Foliage shows poor vitality.	Small decay pocket in branch/stem union.;Decay pockets within old pruning wounds (generally occluding well).		Canopy is overhanging the footpath and road.	Yes	Crown clean.	Mod	Fair	20 ~ 40	Moderate	B
385360.8	395565.3	T418	Mature	Lime	Common Lime	Tilia europaea	15 ~ 20	17	60 +		Multiple pruning wounds due to crown lifting (generally occluding well).	Surrounding vegetation prevents detailed inspection.;Dense Ivy cover on stem/s.;Epicormic growth at the base.	Deadwood noted.				Canopy is overhanging the footpath and road.	Yes	Crown clean and formative prune.	Mod	Fair	20 ~ 40	High	B
385348.4	395560.5	T419	Early-mature	11. Willow	Goat Willow	Salix caprea	5 ~ 10	8	30 ~ 45	Tree is in acceptable condition	Multiple pruning wounds due to crown lifting (generally occluding well).	Surrounding vegetation prevents detailed inspection.	A partially collapsed tree.					Yes	Coppice to just above ground level.	Low	Fair	10 ~ 20	Moderate	B
385343.2	395557.7	T420	Mature	09. Sycamore	Sycamore	Acer pseudoplatanus	10 ~ 15	16	60 +	Tree is in acceptable condition	Pruning wounds noted throughout crown.;Stubs present due to past pruning.	Surrounding vegetation prevents detailed inspection.	Broken branches within crown. Deadwood noted.	Foliage shows limited vitality.	Small decay pocket in branch/stem union.;Decay pockets within old pruning wounds (generally occluding well).		Canopy is overhanging the boundary wall.	Yes	Crown clean.	Mod	Fair	40+	Moderate	B
385329	395555.3	T422	Mature	01. Ash	Common Ash	Fraxinus excelsior	15 ~ 20	19	60 +	Appears to be in good conditio	Occasional pruning wounds due to crown lifting (generally occluding well).;Stubs present due to past pruning.;Previously crown reduced.	Surrounding vegetation prevents detailed inspection.	Deadwood noted.	Foliage shows limited vitality.	Small decay pocket in branch/stem union.	Shaggy Polypore (Inonotus hispidus) identified.	Fungal brackets observed at 9.5m.	Yes	Pollard to 9m; Pollard to main union point/s.	Mod	Fair	20 ~ 40	High	B
385313.9	395547.9	T424	Mature	09. Sycamore	Sycamore	Acer pseudoplatanus	10 ~ 15	14	60 +	In overall fair condition.;Tree is	Multiple pruning wounds due to crown lifting (generally occluding well).;Stubs present due to past pruning.	Surrounding vegetation prevents detailed inspection.;Dense Ivy cover prevents a detailed inspection.	Deadwood noted (minor).	Foliage shows limited vitality.			Canopy is overhanging the boundary wall.	Yes	Sever Ivy at base; Remove surrounding vegetation/understory and re-inspect.	High	Good	20 ~ 40	High	B
385272.3	395540.1	T426	Mature	Lime	Common Lime	Tilia europaea	15 ~ 20	15	60 +	In overall fair condition.;Tree is	Multiple pruning wounds due to crown lifting (generally occluding well).;Stubs present due to past pruning.;Previously crown reduced.		Deadwood noted.				Canopy is overhanging the footpath and road.	Yes	Crown clean.	Mod	Fair	40+	High	B
