Details of the pre-application advice received:

A pre-application consultation letter was sent to The Planning Department on 24 April 2008. A meeting was held at the Council Offices, with Lucy Harrison, on 9 May 2008. Given the minor impact of the proposal, the purpose of the meeting was mainly in order to explain the purpose of the scheme and to establish the level of detail required for the application. A subsequent exchange of emails confirmed that the scheme would require an application for planning permission for the yagi antenna only, with an application for listed building consent required for the whole scheme. One suggestion was that the antenna would be better mounted on the steelwork that is fixed to the lift motor room and plant room area (as opposed to directly on to the lift motor room itself. The proposal has been amended accordingly. She advised that further information on the fixing of omni antennas and associated cable routes would be required.
