01

Silicone FT

K Rend Silicone FT incorporates silicone technology and provides a fine texture finish. Ideal for Hand application.

02

Silicone K1

Silicone K1 incorporates silicone technology. It is suitable for use with most render spray machines and larger projects where the speed of machine application can offer time saving benefits. Also suitable for hand application.

03

K1 Spray

K1 Spray can be used with most render spray machines. It is ideal for larger projects where the speed of machine application can offer time saving benefits. Suitable for hand application also.

04

Silicone TC

Silicone TC is a ready to use organic resin render which is applied to provide a low maintenance textured finish. It is available in different textures and a wide variety of colours. Prior to application the substrate should be primed using Primer TC.

05

LW1 Lightweight Render

K Rend LW1 is a lightweight, one coat render, which can be applied directly onto a wide range of masonry and external wall insulation (EWI) substrates. It offers exceptional coverage and can achieve a variety of finishes. K Rend LW1 may be applied by machine or by hand.

K Rend is the **UK’s largest independent** silicone coloured renders manufacturer

INNOVATION

A Specialised team of Chemists in a state of the art bespoke facility work diligently with the latest technology to develop and test new products to meet the changing needs of our customers and the environment.

PERFORMANCE

We provide the best performing products and solutions to satisfy the most demanding requirements. Our products carry the prestigious Kitemark licence, the worlds premier symbol of trust, integrity and quality.

SERVICE

Our expertly trained Technical Support Team provide efficient, detailed advice, specifications and on-site support when you need it.

Companies using K Rend

Tesco
Everton FC

Silicone Scraped Texture Standard 20 Colours

K Rend Silicone Scraped Texture renders form an attractive range of one coat applications plastered directly on to block work. They can also be used as a finish in conjunction with a K Rend base coat.

* White is the brightest white within the Scraped Texture range, however it is not brilliant white
* Polar White is an off white shade
* Cream has a yellow tone to it
