Hi Harriet,
2 years will be fine. Are you able to confirm approval on that basis?
Kind regards
Graham

Hi Graham,

Re: Installation of non illuminated signs to both front and rear of the building and 1 x non illuminated sign to the gable together with mesh banner sign to perimeter fence

Further to our site meeting at the above address, I have had the opportunity to consult with colleagues about the proposal and it has been brought to my attention that following your discussions with Sue Wills, it had been indicated that these would be temporary signs for a short term period of 2 years. We would therefore be unable to support the proposed 5 years stated on the application form.

Happy to discuss any questions you may have when am back in the office on Monday.

Best Wishes,

Harriet,
