Discharge of Condition 13

Regarding the discharge of Condition 13, namely acoustically insulating the proposed residential accommodation against noise from the local road network and surrounding area, the report which accompanies this letter demonstrates that we are not currently compliant with the local authority requirements for LG – L2 of Old Mill (facing Redhill Street).

We are thereforefore proposing secondary glazing on the Redhill Street elevation of Old Mill between LG and L2. The selected product is part of Granada's heritage range and has been carefully chosen for its noise reduction capability and discreet appearance.

The website link to the product can be found here:

https://www.gsecg.com/horizontal-sliding-secondary-glazing

The secondary glazing will be installed to all apartments fronting Redhill Street between levels LG-L2. These apartments are listed below for completeness.

Building	Level	Apartment
Old Mill	LG	24
Old Mill	LG	35
Old Mill	LG	36
Old Mill	UG	37
Old Mill	1	8
Old Mill	1	10
Old Mill	1	25
Old Mill	1	26

Confidential: Must not be circulated or distributed without permission

Classification - Public

Old Mill	1	38
Old Mill	1	40
Old Mill	2	11
Old Mill	2	13
Old Mill	2	27
Old Mill	2	28
Old Mill	2	41
Old Mill	2	43

General arrangement plans are included in the discharge pack which circle in green the windows where secondary glazing will be installed.
