Location: 16 Berkley Avenue, Manchester, M19 2ED

Date of application: 20 May 2019

Application number: 123638/FH/2019

Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Approved** in accordance with the application and plans submitted subject to the condition(s) listed below (if any).

Article 35 Declaration

Officers have worked with the applicant in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application. In this instance, there has been a slight revision to the initial plan given that the application property is within the Rushford Park Conservation Area and the dwelling is a period property; in this regard, the initial proposed dormer was considered to be too bulky along the roof elevation and the proposed materials were considered to be not in keeping. Following negotiations, x2 smaller dormer windows with pitched roofs are now proposed along the rear roof elevation with slate cladding to match the colour and texture of the existing roof. The proposal was assessed with regards to policies outlined in the National Planning Policy Framework, Unitary Development Plan saved policies, Local Development Framework Core Strategy Development Plan and other material considerations.

Reason - To ensure that the appearance of the building to be extended is not adversely affected by the materials to be used in the construction of the extension, pursuant to saved policies DC1 of the Unitary Development Plan for the City of Manchester and Policy DM1 and SP1 of Manchester's Local Development Framework: The Manchester Core Strategy.

4) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that Order with or without modification) no windows or doors shall be inserted into the elevations of the development hereby approved other than those shown on:

Informatives

This decision relates to the extension or improvement of an existing dwellinghouse, falling within Class C3 of the Town and Country Planning (Use Classes) Order 1987 (as amended) and does not infer or imply approval for the use of the property for any other purpose.

Manchester City Council has made an Article 4 Direction to remove permitted development rights that allow for a change of use from Class C3 - *Dwellinghouses* to Class C4 - *House in Multiple Occupation*. This means that from 8 October 2011, planning permission is required for a change of use from a Dwellinghouse to a House in Multiple Occupation. Further information regarding the Article 4 direction can be found on Manchester City Council's website:

www.manchester.gov.uk/info/200074/planning/4847/article_4_direction

If you intend to use the property to which this decision relates for any purpose other than a dwellinghouse, you should first contact Manchester City Council's Planning Service. Failure to obtain any necessary planning permission prior to carrying out a material change of use or physical development could result in enforcement action being taken, which can have serious implications.

This permission does not grant approval under Building Regulations.

Network Rail would comment that any scaffolding erected for the dormer to the dwelling is erected with a 3m failsafe to the leased railway land boundary.
