Dear Sirs,

Re: Proposed external step lift installation
at 90 Beverly Road, Manchester, M14 6TH

Please find enclosed the Householder Planning Application with respects to the above development.

The works are to be carried out by Pollock Lifts as part of grant funded works administered by the Council's Adaptation's Service.

We enclose for your information digital copies of the following documents:-

- Drawing No. DL560-01 Existing & Proposed step lift installation;
- Application forms;
- Ownership Certificates;
- Lift manufacturer's details.

The application relates to works that are for the comfort and long term independence of a disabled person, we would therefore claim exemption from planning fees on these grounds.

For the verification of Mrs. Dennison's disability then please contact Manchester's Service for Independent Living for further details.

Please forward a formal acknowledgement as soon as this becomes available.

Should you have any queries with respects the above, or find any of the details listed to be deficient in any way, then please do not hesitate to contact me.

Yours faithfully,

Andrew Flynn ACIAT
Architectural Technologist
