MESH PANEL SECURITY FENCING & GATES

Steelway Mesh Panel Single Leaf Gates

Steelway **Mesh Panel Single Leaf Gates** are available with manual slide bar lock as standard – other manual locking systems are available on request. Designed and manufactured with matching infill to match the fencing, our pedestrian gates are supplied up to 1.5m wide overall.

Steelway Mesh Panel Double Leaf Gates

Steelway **Mesh Panel Double Leaf Gates** are manufactured in sizes up to 10m wide. The locking system can be customised to include anti tamper cowling over the slide bar catch for example, with other locking systems available.
