for the carrying out of development referred to in Part 1 hereof in accordance with the application and plans submitted subject to the following conditions:

Part III – Conditions and Reasons

1) The proposal conflicts with policies E3.3 CC17 and S2.5 of the adopted Unitary Development Plan, that seeks to improve the appearance of the City's main radial routes and to encourage developments of the highest quality, in addition the Council will seek to ensure that shopping facilities are of a high standard of design in order to provide a safe and attractive environment for all shoppers.

2) In the interest of visual amenity of the area since the roller shutters due to their dominant and solid appearance that are poorly related to the existing building lines have an undesirable effect creating a strident and obtrusive feature in the street scene contrary to policy H2.2, DC14.3 and CC17 of the adopted Unitary Development Plan.

The First Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990
