Ms J Regan

Re: Car Parking spaces

Dear Ms Regan,

With reference to the above I had a meeting with Mr Goodchild and the outcome was as follows:-

It was alleged that disabled persons have been unable to attend the Friday prayers due to the lack of disabled parking spaces. According to my knowledge there have been no such incidents reported to the trustees and would ask that anybody who has had difficulty approach us immediately. If somebody has approached to the complainant we would ask that he/she direct them to us.
Our community care for the disabled and I myself together with other volunteers provide transport to bring disabled persons to the mosque. We have more than 30 disabled people attending the congregation some coming with their family and some coming independently using the ramp to access the building either on foot or using mobility aids including one gentleman who uses a scooter.

Since introducing 2 stewards to direct the flow of traffic the situation on Fridays is much improved.

The person making the objections has approached Mr Goodchild posing as a representative of the mosque construction committee and made false claims regarding the proposed use of the property. He referred them back to the mosque committee.

We have heard that the majority of the objections come from one family who own a few houses on Slade Grove because their mother does not like it and they are saying that they are going to ensure that the construction is demolished. The building is funded by public donations and we would ask that you bear this in mind when making your decision.

Yours sincerely,
MOHSIN MUNIF (TRUSTEE)
