FOR ACTION		

Dear Ms Tipping,

Please find enclosed the additional information you require to process our planning application
We have calculated the floorspace from the internal dimensions
i.e. 2.640 width and 3.540 length to give a total of 9.3 m^2
As the portakabin is pre-used, we were not provided with a manufacturers specification. Further to the conversation with one of your colleagues, we have enclosed photographs

regards

Ken Joy
