Design & Access Statement

The Deeper Christian Life Church
Formally Known as

The Saltshaker Centre Bedwell Close Moss Side Manchester

The above building as be used as a community centre & a children's day nursery until the operation were closed down February 2008 .The building was previously a Public House.
The building is to be The Deeper Christian Life Church for this area of Manchester. With the church and facilities located at ground floor level and the manager's flat at first floor level.

The building requires very little alterations-only minor internal wall and the existing bar/survey removal. The external elevations require no alteration to suit the new purpose.

The building satisfies the disabled act in all aspects i.e. disabled ramps, toilet and doorway width. Design for Access 2.

The existing waste management with segregated bin storage is located in the existing service yard and the gates will be unlocked on bin collection days
There is no change of use as both present & proposed are the same use order D1.
The existing boundary fences are to be rationalized and made more secure and the existing car parking redefined with markings including disabled bays.
