Dear Sir,

RE: PROPOSED VODAFONE LIMITED STREETWORKS STYLE BASE STATION AT GRASS VERGE OF ALTRINCHAM ROAD, WYTHENSHAWE, MANCHESTER, M23 1DP

This application is submitted under Part 24 of Schedule 2 to the Town And Country Planning (General Permitted Development) Order 1995, as amended by the Town And Country Planning (General Permitted Development) (Amendment) (England) Order 2001 and in accordance with the electronic communications code under the Telecommunications Act 1984 Schedule 2 as amended by the Communications Act 2003.

This is an application for a determination as to whether the prior approval of the Authority will be required to the siting and appearance of the development.

Vodafone Limited has entered into an agreement with Telefónica UK Limited, commonly known as O2 pursuant to which the two companies plan to jointly operate and manage a single network grid across the UK. These arrangements will be overseen by Cornerstone Telecommunications Infrastructure Ltd (CTIL) which is a joint venture company owned by Vodafone Limited and Telefónica UK Limited.

This agreement allows both organisations to pool their basic network infrastructure, while running two, independent, nationwide networks. It also enables both organisations to maximise opportunities to consolidate the number of base stations and significantly reduce the environmental impact of network development.

This application is submitted for and on behalf of Cornerstone Telecommunications Infrastructure Limited (CTIL) and Telefónica UK Limited and comprises:

- Written description of the proposed development – *The installation of a 15m dual user monopole housing 3no. antennas within a 540mm GRP shroud and 2no. equipment cabinets. The removal of an existing 14.8m monopole, 2no. equipment cabinets and ancillary developments thereto*;
- At – Grass verge of Altrincham Road, Wythenshawe, Manchester, M23 1DP, NGR E381122 N389370 as defined within the plan indicating its location numbered 100;
- Prescribed fee of £385 made payable by cheque to Manchester City Council;
- Copy of Developer's Notice;
- Confirmation as to whether the developer has had to notify the CAA or MOD or aerodrome operator which clarifies whether the proposal lies within 3km of an aerodrome (not applicable).

For your further assistance, we enclose additional information:-

- The original and 3 copies of the 1APP Prior approval form;
- The original and 3 copies of the Drawings Ref. No's: 100, 201, 202, 301 and 302
- Site Specific Supplementary Information;
- General Background Information for Telecommunications Development;
- Health and Mobile Phone Base Stations document;
- ICNIRP declaration and clarification statement.

This application has been prepared in accordance with the Code of Best Practice on Mobile Phone Network Development.

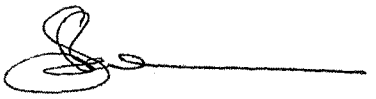
The enclosed application is identified as the most suitable option that balances operational need with local planning policies and national planning policy guidance.

Furthermore we would like to assist the Local Planning Authority and would like to offer to arrange a presentation or meeting with your officers and members to discuss the issues if appropriate.

We are committed to maintaining a positive relationship with all Local Planning Authorities and we would be happy to provide any additional information in relation to this application.

We look forward to receiving your acknowledgement and decision in due course.

Yours faithfully,



Sebastian Bowe BA (Hons) MPlan

Dear Sir or Madam,

CLARIFICATION OF THE DECLARATION OF ICNIRP COMPLIANCE ISSUED AS PART OF THE PLANNING APPLICATION ATTACHED FOR THE SITE AT GRASS VERGE OF ALTRINCHAM ROAD, WYTHENSHAWE, MANCHESTER, M23 1DP

I refer to the Declaration of Conformity with ICNIRP Public Exposure Guidelines ("ICNIRP Declaration"), sent with this application in relation to the proposed telecommunications installation as detailed above.

The "ICNIRP Declaration" certifies that the site is designed to be in full compliance with the requirements of the radio frequency (RF) guidelines of the International Commission on Non-Ionizing Radiation (ICNIRP) for public exposure as expressed in the EU Council recommendation of July 1999.

The ICNIRP declaration produced by Vodafone Ltd takes into account the cumulative effect of the emissions from the proposed installation and <u>all</u> radio base stations present at, or near, the proposed location.

The radio emission compliance calculation is based upon the maximum possible cumulative values. All operators of radio transmitters are under a legal obligation to operate those transmitters in accordance with the conditions of their licence. Operation of the transmitter in accordance with the conditions of the licence fulfils the legal obligations in respect of interference to other radio systems, other electrical equipment, instrumentation or air traffic systems. The conditions of the licence are mandated by Ofcom, an agency of national government, who are responsible for the regulation of the civilian radio spectrum. The remit of Ofcom also includes investigation and remedy of any reported significant interference.

The telecommunications infrastructure the subject of this application accords with all relevant legislation and as such will not cause significant and irremediable interference with other electrical equipment, air traffic services or instrumentation operated in the national interest. If you have any further enquiries concerning the "ICNIRP Declaration" certificate or anything else in this letter then please contact the Cornerstone EMF UNIT on 01753 564306.

Yours faithfully,
