THE CHRISTIE NHS FOUNDATION TRUST **12230 – 104**

OAK ROAD MAIN ENTRANCE EXTENSION

DESIGN AND ACCESS STATEMENT

INTRODUCTION

The Christie provides high-quality diagnosis, treatment and care for cancer patients. With its increased patient levels it has become necessary to improve the level of patient dining & rest, gift shop & pharmaceutical facilities to accommodate this increase.

DESIGN

The proposals are to extend the existing cafeteria & shop which is located in the oak road main entrance on the Ground Floor of Nathan House. The proposed schedule of accommodation is to facilitate the increasing demand for on site dining / gift shop facilities along with the requirement for a pharmacy.

AMOUNT

The extension will create approximately 140m² gross internal floor space to the existing cafeteria and will double the area currently allocated.

LAYOUT

The building has been designed to respond to the lines set by the adjacent buildings on the site, in particular the new patient treatment centre, creating a stronger and more legible main entrance point to the main hospital. Internally the layout has double the amount of patient waiting, dining & ancillary areas along with the addition of a new pharmacy facility.

SCALE

The extension is single storey to minimise the elevational impact to entrance court accessed from Oak Road. The building will sit efficiently within the existing three sided court / drop off area to the front elevation and tie into the existing elevations on all other sides.

LANDSCAPING

Additional landscaping will be provided to the south elevation, if necessary, to minimise the visual impact from opposite side of the court.

APPEARANCE

The proposed extension has been designed to be in keeping with the appearance of the existing buildings within the three sided court. The existing materials have been identified and the colour of the existing feature brickwork to the new patient treatment centre will be specified for the brickwork used to the main elevation.

ACCESS

Access to the site from the entrance courtyard will be maintained. The existing car parking / drop off bays will be maintained.
