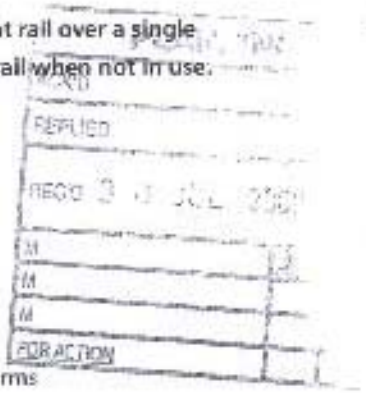
Stannah stairiser SX

The Stairiser SX is designed to run on a straight rail over a single flight of stairs. The unit folds flat against the rail when not in use.



KEY FEATURES:

- Four platform sizes –
  - 750mm x 900mm
  - 810mm x 1050mm
  - 810mm x 1200mm
  - 810mm x 1250mm*
- End or side access to the platform available
- Platform ramps rise automatically as barrier arms are lowered
- Soft start and stop for maximum comfort and safety
- Non-slip platform floor
- Barrier arms and platform can be operated manually in an emergency
- Optional battery back-up for lowering and raising platform
- Easily incorporated with minimal builders work
- Installed in 1 day, depending on site conditions and lift travel
