T&G Associates Limited

01 September 2009

Servicing Strategy
Change of Use application at
26 – 28 Princess Street, Manchester M1 4LB

1. Servicing

The occupants of the retail /office space are not known at this time, however, given the size and use of the retail / office space it is anticipated that the delivery vehicles no larger than a transit van would be delivering goods to the premises no more than once a week.

When deliveries are made, vehicles will be instructed to park on George Street just outside the side entrance for off loading and the goods brought in via the side entrance through the lightwell area to the retail / office space.
