Love Saves the Day

Proposed Operations at Carver's Warehouse, Dale Street, Manchester

Love Saves the Day is a high class, top end of the market delicatessen and wine merchant.

The business caters for the discerning customer who is prepared to pay that little bit more for top quality, locally sourced produce from artisan and independent producers.

Our range of wines and beers is aimed at the higher end of the market, and we only stock items that are not available in the major supermarkets. Our beers and wines to drink in are at prices higher than pub/bar prices as we encourage sensible drinking with food.

The company is fully compliant with Challenge 21, and supports the aims and objectives of Drinkaware.
