9 April 2009

Waste Managementg Strategy Statement 49-65b Slade Lane, Longsight

(1) Requirement

1.1 Each of the three properties will require the standard bin allocation for a single dwelling and, although two bins are shown, there is room for as many as the Council may require to be pro vided for.

.

(2) Operational routine

2.1 It is assumed that the collection routine for Dobcross Close will be extended to include the new dwellings and, assuming that the additional length of road way will not be adopted, the bins will be put out at the edge of the existing Dobcross Close highway on collection days and recovered when emptied.

Yours faithfully

Frank Summerfield
