Appendix E Proforma for Planning Applications

MANCHESTER
CITY COUNCIL

Planning Application – Waste Management Strategy

Planning Application Number:
Date Submitted:

Estimated volumes/ m^2 required by the development

Low Rise Domestic

Waste Types	Capacity Required (litres)	Number of bins required per household	Confirm what is to be provided
General refuse	140 / 240	1 x wheeled bin	
Pulpable Recycling	140 / 240	1 x wheeled bin	
Mixed Recycling	140 / 240	1 x wheeled bin	
Garden Waste	140 / 240	1 x wheeled bin	
Food Waste	23	1 x 23 litre caddy	

High Rise Apartment Developments

	Yes/No - how much space has been provided?
$0.43m^2$ has been provided per apartment for the container space. Space to manoeuvre and access containers individually has also been provided so that each container can be accessed and removed for collection individually.	

Commercial Developments

Please state number of bins you propose, showing calculations where appropriate.

General Waste -	1 x 240 L General Refuse Bin
Pulpable Recycling -	1 x 240 L Pulpable Recycling Bin
Mixed Recycling -	
Food Waste -	1 x 240 L Food Recycling Bin
Industrial Waste -	

Has / will a contract be obtained with a licenced waste carrier?	☒

Mixed Use Developments

Are the stores for residential and commercial separate from each other?	☐

Internal Stores (Residential and Commercial)

Please provide details of internal stores / segregation of waste and recycling.

Bins are stored within the property, towards the rare, in the courtyard as shown in the proposed ground floor plan and will be collected by a privet waste management company weekly.

Storage Areas for Waste Containers (Residential and Commercial)

Please provide details of container stores, attaching plans if appropriate.

Bins are stored within the property, towards the rare, in the courtyard as shown in the proposed ground floor plan. See proposed plans for location.

Ensure all bins in the store are accessible	☒
Ensure recycling facilities are as easy to access as general refuse	☒

Please confirm details of waste store ventilation and hygiene / cleaning proposals

Ventilation - Sufficient ventilation are provided to ensure natural air flow. Hygiene - Bins are washed weekly by staff

Please provide details of who will be responsible for placing the bins at the collection point and returning them to the store / property promptly e.g. resident / management company

Bins will be moved and returned by the privet waste management company

Please ensure that you have attached:

Detailed plans of waste stores	☒
Location plans showing stores	☒
Location plans showing the proposed collection point and the route the collection vehicle will take	☒

Note: please see proposed floor plan for the above information.

Please ensure that you have completed this form in accordance with our GD04 Waste Storage and Collection Guidance for New Developments
