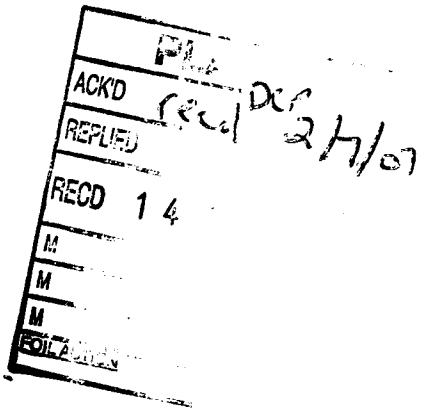
Date: 11th June 2007



Dear Ms Greaves

RE: 119 Oldham Street, Manchester, M4 1LN
Application No. O81289/FO/2006

In response to your request for further information I am enclosing a copy of the report from AEW Architects which covers the disabled access and fume extraction.

With regard to our relationship with the take away premises I confirm my earlier comments when I informed you that he is our tenant and should not undertake any work without prior permission. There will obviously be a new façade and shop front alterations which I would be more than happy to discuss with you at another site meeting.

Please note that the refuse storage details are shown on the submitted plan. It is understood that the City Council removes the refuse, which is stored in refuse sacks, on a weekly basis. No provision for recycling has been requested.

I trust that the above will now allow you to register the application as your receipt of the revised cheque has already been acknowledged.

Yours sincerely

Alan Bennet
