PROPOSED SECONDARY GLAZING
INDIA HOUSE, WHITWORTH ST, MANCHESTER

1. Internal view of existing installation in the Boardroom

2. View of a typical window in the Housing Office (Tony Burke's office is similar). This shows the same ceiling and cill details, and the same deep reveals, as in the Boardroom.

UNIT RECD

3. Window in small office adjacent to Comms Room (Comms Room detail is similar). The side reveals are similar to the previous picture, but the spandrel below the cill is much shallower. The ceiling is plasterboard, rather than a lay-in grid, and the bulkhead detail is different. (see sections).

4. External view of the Boardroom, showing that the existing installation has made no impact on the external appearance of the building.

5 + 6. External views of the 5 windows involved in this Application.
