FAO Jennifer Connor

Dear Sir

MANCHESTER-PROPOSED RENEWABLE ENERGY ENGINEERING CENTRE

As you are aware, we act for Siemens Plc in relation to their site at Princess Road, Didsbury and in particular the proposed Renewable Energy Engineering Centre (REEC) on land to the south east corner of the site.

On behalf of our clients, we submit herein a separate application for advertisement consent to display two internally illuminated "Siemens" fascia signs on the proposed building-one on the north and one on the west elevation.

The application has been submitted via the Planning Portal (Ref. No. 1247502) and comprises the following:

- APP 1 forms
- The following drawings
  - P-01-001 Site Location Plan
  - P-27-004 Proposed Siemens Signage
  - P-02-003-Proposed Site Layout Plan
- An application fee of £95

We trust that you have sufficient information to determine the application.

Yours sincerely

[redacted]
