Dear Sir/Madam

Application no 086544/FO/2008
Gala Clubs Kirkmanshulme Lane Gorton Manchester M18 7BA

Re: Your letter dated 30 April 2008.

Further to your above referenced letter, I respond as follows:

1. Amended site plan is enclosed.
2. Amended D & A Statement is enclosed.
3. The shelter is to be used by patrons for smoking; access by the general public is prevented by climb-proof bow-top railings between the end walls of the shelter and the exterior walls of the club. The length of the shelter facing the Club is not enclosed.
4. A tannoy is located within the shelter. There are not, and will not be in the future, any gaming machines of any sort in the shelter.
5. The photograph below shows the site prior to the erection of the Shelter and confirms that no car parking spaces designated for use by disabled persons have been used.

6. Section 11 of the application form has been completed and the revised application has been submitted via the Planning Portal. I have enclosed a hard copy of the complete revised application.
7. 5 nr. copies of associated documentation are enclosed.

If you have any further queries, please do not hesitate to contact me. I am on annual leave from 5 to 9 May inclusive but Stephen Gill will be able to assist you during that period if necessary.

Yours faithfully
Fisch Design Limited
