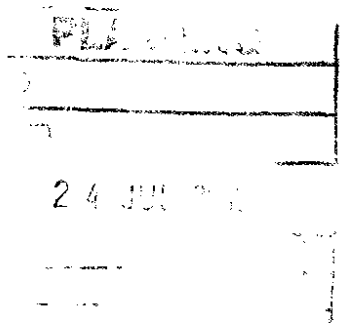
Waste Management Strategy



MANCHESTER CITY COUNCIL

PA Number:
Development description: Extend 3 rooms at the back of our building over 3 stories high.
Development location: 67 Ardwick Green North, Ardwick, Manchester M12 6FX
Strategy prepared by: Jenny Wong
Date Prepared: 22-7-09

Notes
The following strategy should be prepared using the guidance document available from:

http://www.manchester.gov.uk/opservices/rubbish/developers.htm

1.	**Number of bins proposed?** - Please provide details of the number of bins proposed and how this was calculated.
	3 large Containers: 1100L Eurobin Width 1375mm, Depth 990mm, Height 1370mm, Height with open lid 2370mm, Florrspace required 1575mm x 1190 mm. 6 building are sharing 3 large containers.
2.	**Bin storage area** - Please include a plan of the proposed bin storage area, showing the bins that are proposed and the proposed collection point. - Please describe how occupants will transfer waste to the bin store and the distance travelled in doing so.
	The bins will be located at the collection point in the north-west corner of the backyard of MCC. The distance between this waste collection point and the back door of MCC is 13 yards, the staff of MCC will transfer wastes to the bins directly.
3.	**Bin collection arrangements** - Please describe the bin collection area, including how and where bins will be moved to in order to reach the collection vehicle. - Please include plans showing how the collection vehicle will travel around the site.
	The collection point located beside the entrance (the north-west corner)of the backyard of MCC, where is also a private car park. The bin should be pushed out from the collection point, to reach the collection vehicle by passing through the entrance of backyard, it is 2 yards distance.

For MCC use only
