Subject RE: Planning app 101957 - MMU All Saints Building replacement glazing

Dear Lucy

Further to our discussion earlier today regarding the above application we confirm that this application is only to replace the windows and does not include rooftop plant which has been submitted separately. For clarity we have uploaded to the portal the amended ground floor plan with revised notes and a design and access statement to be included in the application.

As discussed the design and access statement includes justification of why we want to replace

the windows (including frames), and confirms that the window sizes and layout are to replicate the existing arrangement including opening lights whilst matching the finish of the newly replaced ground floor windows (ref: 098792/FO/2012)

Please can you confirm that upon receipt of the application fee of £195 you have all the information required to validate this application.

Kind Regards

Hedley Kettlewell
