Notes
The following strategy should be prepared using the guidance document available from:

http://www.manchester.gov.uk/site/scripts/documents.php?categoryID=10006develop.him

1.	**Number of bins proposed?** - Please provide details of the number of bins proposed and how this was calculated.
	2 Bins provided at present + recycling Bins which is adequate for the usage. Very little refuse from ground floor new usage much less than the present residential sub let room usage.
2.	**Bin storage area** - Please include a plan of the proposed bin storage area, showing the bins that are proposed and the proposed collection point. - Please describe how occupants will transfer waste to the bin store and the distance travelled in doing so.
	As Indicated on the drawings position of bins
3.	**Bin collection arrangements** - Please describe the bin collection area, including how and where bins will be moved to in order to reach the collection vehicle. - Please include plans showing how the collection vehicle will travel around the site.
	- Place at the Gate as at present. Waste Sub contractor collects bins a gate which gives access to wide passage suitable for vehicles
