Waste Management Strategy

MANCHESTER CITY COUNCIL

PA Number:
Development description: change of use to Cafe & take-out.
Development location: 190 Chapel Lane, Blackley, MCR M9 8LZ.
Strategy prepared by: M. Yaseen
Date Prepared: 21/6/12

Notes
The following strategy should be prepared using the guidance document available from:

http://www.manchester.gov.uk/opservices/rubbish/developers.htm

1.	**Number of bins proposed?** - Please provide details of the number of bins proposed and how this was calculated.
	2 x 1100 litre Eurobins based on the idea that this will be a fully functional Cafe with relatively long hours of trading. One bin would be for food products, the second for re-cylable products.
2.	**Bin storage area** - Please include a plan of the proposed bin storage area, showing the bins that are proposed and the proposed collection point. - Please describe how occupants will transfer waste to the bin store and the distance travelled in doing so.
	bins will be stored adjacent to the rear door as many on the block are. furthest travel distance to bins is approx 10m.
3.	**Bin collection arrangements** - Please describe the bin collection area, including how and where bins will be moved to in order to reach the collection vehicle. - Please include plans showing how the collection vehicle will travel around the site.
	as can be seen on plan, a weekly refuse lorry comes onto the Courtyard, with easy access and egress from the Site. the Site is a level ground hence no restrictions for ~~bins~~ bin Manoeuvring. as already exists for the Site.
