15th July 2013

Dear Sir/Madam,

Application Number: 102881/FO/2013
Proposal: x
Location: Treadstop Ltd, 3 Willesden Avenue, Longsight, Manchester, M13 0ZN

Following your recently sent letter dated 3 July 2013 you stated you were unable to progress the application as some information was incomplete.

1. The shape of the site on the layout plan now corresponds exactly with the shape on the ordinance survey plan. Also you stated I have to indicate if any new buildings are proposed and show them on the layout plan. I would like to state no new buildings are proposed nor do any existing buildings need to be extended.
2. I have included a second layout plan that indicates how the MOT station works e.g. Mot area, servicing area, parking and office areas.
3. I have now reprinted the page specified for Question 18 and answered YES and given the correct floor space figures as advised by one of your colleagues.

I hope this information is suffice along with the new documents enclosed and I hope all your questions and points have now been addressed.

If you have any further queries please feel free to email me on the above email address or failing that writing to me or phoning me.

I look forward to hearing from you,

Many thanks in advance,

Mr Guzanfar Ali
