Dear Jakup,

Firstly, thank you for giving Russwood the opportunity to quote for your cladding requirements. We are confident that you will find our quote to be competitive and are pleased to confirm that our cladding meets the following specification:

Specification for Heartwood of Scottish Larch; Russwood Scotlarch®

- Graded to BS1186-3 Part 4 Class 2/3; boards contain tight live knots with a maximum diameter of 50mm
- Sapwood free on all exposed faces
- Some resin pockets may be present
- Air-dried to moisture content of approx 16-18% (+/- 2%)
- Lengths up to 4.8m
- FSC-certified product sourced from sustainable forests in Scotland

General wastage allowance

When ordering cladding, we recommend that you always add approximately 10 - 15% to the required quantity, for wastage on site. If you do not do this, and your selected product is not a stock item, you may incur higher charges for ordering a small additional quantity at a later date, plus lead times for bespoke items may hold up your project.

Stainless steel fixings

We always recommend the use of appropriate stainless steel fixings or the appropriate fixing system from the Russwood range to fit all timber cladding. If non corrosion resistant fixings are used, it is likely that unsightly iron rust stains will occur over time.

To place an order, or for further information about any aspect of your project, please feel free to get in touch using the contact details below.

Please note for any made-to-order product we require a non-refundable 25% deposit to be paid before production begins.

Delivery

Unless otherwise mentioned delivery is quoted assuming no restrictions to access, vehicle size or time of delivery, please advise if different and a requote will be provided. At time of despatch should the delivery be required at an alternative address this may incur an additional cost which we will advise before despatch.

1-2 working weeks plus 1-3 weeks for
delivery (estimated availability leadtime
owing to unknown drying time for boards)*

Total Exc VAT	GBP 2,385.75
VAT Amount	GBP 477.15
Total Inc VAT	GBP 2,862.90

Please note the following:

- Material is offered in nearest random stock lengths to give your requirements. Price is based on quantity stated delivered in one lot, stock availability will be checked at point of order and a re-quote sent if appropriate
- If you have calculated your quantity requirements from a plan then we strongly suggest that you check all measurements prior to order
- Charges are based on one delivery (any additional deliveries will incur additional charges)
- Full payment is required on or prior to delivery of your order unless account terms have been agreed. Please note if you wish to pay by cheque our banking is done at the end of each week and we would require 5 working days after this for the cheque to clear before arranging delivery
- This quote is based on current stock. We will inform you if any item is available at time of order
- Due to the volatile nature of the supply of timber, prices are subject to fluctuation and will be confirmed at point of order
