Waste Management Strategy

MANCHESTER CITY COUNCIL

PA Number:
Development description:
Development location:
Strategy prepared by:
Date Prepared:

Notes
The following strategy should be prepared using the guidance document available from:

http://www.manchester.gov.uk/opservices/rubbish/developers.htm

1.	**Number of bins proposed?** - Please provide details of the number of bins proposed and how this was calculated.	
	The number of bins required for each individual unit will be one number 1100 litre euro bin, one number 240 wheeled bin and one number 140 litre wheeled bin. The calculation is based on discussions with the waste management section of M.C.C.	
2.	**Bin storage area** - Please include a plan of the proposed bin storage area, showing the bins that are proposed and the proposed collection point. - Please describe how occupants will transfer waste to the bin store and the distance travelled in doing so.	
	The bins will be located in a designated Bin Storage area as shown on drwg 2450/03 and maximum distance of travel for unit(1) will be 31 km.	
3.	**Bin collection arrangements** - Please describe the bin collection area, including how and where bins will be moved to in order to reach the collection vehicle. - Please include plans showing how the collection vehicle will travel around the site.	
	The bins will be located in a designated Storage area as shown on drwg 2450/03 AT the agreed collection time, the bins will be brought to the front of the building and left on tarmac hardstanding for collection. and taken back to Storage area.
