Hi Helen,

You may not need permission for the proposed works. Conservation area status gives protection for trees with a trunk diameter greater than 7.5cm measures at 1.5m. If you need to apply for permission please find link to form attached below.

<https://www.planningportal.co.uk/applications>

Applications | Planning Portal

Most planning and building control applications are submitted online. You can apply to every local authority in England using the Planning Portal.. At the start of project you must consider whether the development requires planning permission or building regulations approval, or your project may need both.
