Re : Planning Application No. 086047/FO/2008
Alteration to layout and extension to external Kitchen Ventilation Stack

Dear Mrs. Tipping,

Further to your recent letter requesting further information regarding the above Planning Application please see attached the details as requested :-

(1) Our revised plan for only one of the Options detailed previously namely Option "B".

(2) Further details and a full technical specifications as required.

I would like to take the opportunity to add the following :-

There has been a restaurant in operation at these premises from 1994 when planning was granted to the previous tenants *Spice Café*. A kitchen ventilation system was installed by the previous owners.

Our company took over the premises in April 2007 and converted the restaurant to *Thai Spice* opening in June 2007. The kitchen ventilation system was upgraded in May 2007 by replacing the old fan unit with a new exhaust fan.

The current application has been filed to amend, and extend, the external layout of the ventilation ducting in order to provide a more aesthetic appearance for a neighbouring development which overlooks the rear of our premises.

I hope that the attached information is sufficient for the application to progress, please do not hesitate to contact me if I can be of further assistance.

Yours faithfully

Allan Bowen

Director Food By Desire Ltd.
