5th June 2008

Dear Sirs

SEP, University of Manchester

Thank you for your e-mail submission of fencing detail, and the accompanying rationale for the fence, for the Upper Brook Street boundary of the SEP building at the University of Manchester. Betafence is a Secured By Design, SBD, licensed company, and Securifor is an SBD licensed product.

At this location, and for the level of security that you are seeking for the site, balanced against the need to maintain a level of visibility and to limit visual intrusion, I can confirm that the Betafence Securifor fence, of the height proposed, is acceptable to Greater Manchester Police.

Yours faithfully,

Adrian Murphy
Architectural Liaison Officer
