Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

It is proposed to install Solar Photovoltaic Carports over the front and rear car parks at the National Cycling Centre, one of Manchester City Council's highest energy consuming buildings. The work will support the Authority in its ambitions to become a Zero Carbon city by 2038, reducing the carbon emissions associated with the operation of the building through the provision of on site renewable electricity generation. The proposed size of the Solar PV installation is between 772 kWp and 915 kWp and will deliver carbon savings of circa 240 tCO2 per annum.

Has the work or change of use already started?

- ☐ Yes
☒ No

Existing Use

Please describe the current use of the site

The HSBC UK National Cycling Centre was Britain's first indoor Olympic cycling track, and since it opened in 1994, has become one of the World's finest and fastest board tracks. The track is in constant use seven days a week and, thanks to the comprehensive programme of activities for all levels of ability, it is one of the busiest in the world. From elite athletes to novices, the track offers sessions to anyone seeking to experience this exciting sport. Regular users of the track include members of the very successful GB track cycling team, as well as local schoolchildren and track enthusiasts. In July 2011, the HSBC UK National Cycling Centre was expanded significantly with the launch of a new purpose built indoor BMX Complex. It houses the UK's only permanent indoor BMX track with seating for two thousand fans. There are purpose built offices for British Cycling, the governing body for cycling in Britain.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☒ Yes
☐ No

If yes, please provide details of their name, role, and how they are related:
