Date: 13 May 2022

Dear Sir or Madam,

Class A, Part 1, Schedule 2 of the Town & Country Planning (General Permitted Development) (England) Order 2015 (as amended)

Application No.: 133445/PDE/2022

Description: Prior notification of proposed larger home extension projecting 3.5m to the rear with a maximum height of 4m and a height at eaves of 2.72m

Location: 551 Parrs Wood Road, Manchester, M20 5GQ

Manchester City Council confirms that no objections have been received and the development can go ahead subject to the development being carried out in accordance with the submitted details and being in line with the standard conditions set out in Class A, Part 1, Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).

Please note that this document does not grant any permission under Building Regulations. If you require further information regarding compliance with Building Regulations, please contact Building Control on 0161 234 4490 or by email to building.control@manchester.gov.uk.

The proposed development site lies within 250 metres of a registered landfill site or in close proximity to a potential historical source of landfill gas. Therefore, in order to alleviate any possibility of landfill gas ingress to the building, the development should include the installation of a proprietary gas membrane.

Yours faithfully,

Julie Roscoe
Director of Planning, Building Control & Licensing
