ELEVATION NOTES

New 1.0m wide delivery and fire exit door facing onto Bellew Street is to be a double door set back slightly inside the building line to avoid the doors opening out over the pavement. New door also to be provided with electrically operated perforated or lattice grille type external roller security grilles to be an exact match in colour & materials to the existing roller shutters (previously approved under Planning Permission 095695/FO/2011/N2).
This roller shutter is to remain open at all times during the opening hours of the 223 Ashton Old Road premises.
