# Food preparation to Cafe Bar, Eleska House

The proposal is for a licensed bar with with seating to serve customers food and drink and the theme will be a Cafe bar/delicatessen.

Licence has been applied for and granted on 08.08.13.  No. 153557

Due to the relatively small footprint of the premises it is not possible to install full cooking facilities and associated equipment and therefore it is intended to stock and sell prepared food for consumption on site or to take away.

The bar will incorpoarte a serving area and the remaining bar will be for food display and cold storage.

Food will be pre ordered and deliverd to the premises at opening times to suit demand.

Any food that requires heating will, be done by microwave oven or compact grill.

As no cooking equipment is to be installed no extract or exhaust equipment is required
