Details of the pre-application advice received

08/03/22 Email correspondence to Lucy Harrison and Eve Woolstencroft to try and arrange a meeting to discuss additional consents required.

11/03/22 and 16/03/22 and 21/03/22 Further email correspondence to seek advice on the design intent items that may require planning or advertising consents.

NT sought a meeting with Lucy Harrison to discuss the contents of this application but we were unable to initially get a response, and latterly anything in the diary. Instead it was agreed to send through the proposals to the planning team for them to provide feedback over email.

23/03/22 We received feedback from Eve Woolstencroft, Assistant Planning Advisor, that the proposed mural on the viaduct would not be supported so this has been omitted from this application. We received feedback that the external lift dressing would not be appropriate, but we have submitted a response to this in our design and access statement attached to this application as we think its important to wayfinding and doesn't have an impact on the character as it is demountable and temporary.

Other elements needed feedback from their team leader who was preparing for a public enquiry, so they needed more time to get comments across for these. Unfortunately, due to timeframes we have had to proceed with this submission to ensure we remain on programme.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
