

Option A - Back painted glass spandrel (to very top of lift shaft)

Stock image of back painted glass spandrel

 fire rating cannot now be acheived for laminated spandrel panel (post Grenfell)

Option B - RAL 7012 glass aluminium spandrel panel

Photograph of 7012 gloss panel at the head of the lift shaft

 7012 looks too dark

Option C - RAL 7001 gloss aluminium spandrel panel

Adjusted photograph of 7001 gloss panel at the head of the lift shaft

 7001 is grey/blue and the gloss level sufficiently reflects the sky (Gloss reference = SCM)
