Part 1 – Particulars of the application/development

Proposal: Erection of a single storey rear extension to existing cafe / restaurant (Class E)

Location: Fire And Ice, 2 North Western Street, Manchester, M19 3NY

Date of application: 26 January 2022

Application number: 131299/FO/2021

Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Refused** in accordance with the application and plans submitted for the reason(s) listed below.

Article 35 Declaration

Officers have worked with the applicant in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application. In this case, officers have engaged with the applicant and attempt to secure additional details to aid the assessment of the planning application. In the absence satisfactory details and expressed concerns regarding the impact and magnitude of the development, the applicant was advised that the development would not be supported. The applicant has not accept an offer to withdraw the planning application, which has therefore been determined on the basis of the submitted details and without further negotiation.

Reason(s) for decision

1) The proposal would result in a cramped, over development of the site , with an associated increase in the level of occupation and related activity, within and around the application site, that would exceed its operational capacity to the detriment of residential amenity, and thereby be contrary to policies SP1 and DM1 of the Core Strategy for the City of Manchester, saved policy DC10 of the Unitary Development Plan and the National Planning Policy Framework.

2) The planning application has not been supported with accurate and satisfactory information to demonstrate the development could be accommodated within the site without undue harm to the amenities and character of the surrounding area. This includes insufficient details relating to arrangements for fume extraction, the future siting of external plant and equipment and a site management plan, relating to the storage and collection of waste and recycling and the operation of appropriate equipment for the extraction of fumes and vapours. The development would thereby be contrary to policies SP1 and DM1 of the Core Strategy for the City of Manchester, saved policy DC10 of the Unitary Development Plan and the National Planning Policy Framework.

Date: 26 April 2022
