7. Pre-application Advice

As previously stated, if you apply for a Certificate of Proposed Lawful Development we would simply be assessing the proposal against permitted development criteria. In such circumstances your proposed material choice would be acceptable and , whilst your drawings indicate a fairly good colour match we would just need to ensure this is the case with any application made.

In terms of the proposed garden studio, as this runs along the whole rear boundary, this has the potential for some loss of outlook from the garden areas of properties to the rear. However, with an eaves height, of 2.4 metres this is below the permitted development criteria for outbuildings. The roof of this structure exceeds permitted development allowances overall, but it slopes away, from the rear boundary and, in principle, it is considered that a building of this type could be accommodated in this location.

8. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff

It is an important principle of decision-making that the process is open and transparent.

☐ Yes ☒ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
