Why do you consider that a Lawful Development Certificate should be granted for this proposal?

We consider the proposal falls within the provisions of Class A of the General Permitted Development Order for the following reasons:

1. All materials will match existing materials;
2. As a result of the works, the total area of ground covered by buildings within the curtilage of the dwellinghouse (other than the original dwellinghouse) will not exceed 50% of the total area of the curtilage (excluding the ground area of the original dwellinghouse);
3. The height of the eaves at 2.99m does not exceed the 3m permissible (note, Ministry of Housing, Communities and Local Government document 'Permitted development rights for householders - Technical Guidance' which on p12 has a diagram which indicates this and states 'Eaves height is measured from the ground level at the base of the outside wall to the point where that wall would meet the upper surface of the flat roof - the overhang and the parapet wall should be ignored for the purposes of measurement');
4. The maximum height of the extension at 3.25m does not exceed the 4m permissible;
5. The extension does not extend beyond the main wall of the house by more than the 3m permissible.

With respect to the Authority, is the applicant and/or agent one of the following:

(a) a member of staff

(b) an elected member

(c) related to a member of staff

(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

☐ Yes

☒ No

Interest in the Land

Please state the applicant's interest in the land

☒ Owner

☐ Lessee
