Details of the pre-application advice received

The proposal was reviewed by planning office (Janine Renshaw-Livesey and her team) who requested further drawings such as elevations which were provided. There were communications regarding the street view of the existing adjacent terrace blocks and a request was again made to provide street view drawings. The street view was analysed and drawings prepared and sent to demonstrate how the proposal fits into the broader context of the area. After this an invitation was then made by Janine for us to proceed with submission.
