Works consist of installation of some temporary cabins (due to commence December 20), demolition of some existing buildings, not the main building. Roof to be removed and re-installed some external brickwork remedials to all elevations, along with some external works, resurfacing of existing levels. Also intend to install some smaller satellite structures along the NR boundary, a welfare facility and a Grit store.	

ACCESS AND MINOR WORKS

Do you require access to Network Rail land?	Yes ☒	No ☐
Do your works include tree felling/pruning or vegetation management adjacent to the railway?	Yes ☒	No ☐

ARE YOU WORKING FOR A UTILITY PROVIDER OR HIGHWAYS DEPT? (Skip this section if not required)

Are you undertaking utility/road works within the public highway covered under NRSWA?	Yes ☐	No ☐
Are you undertaking utility/road works as part of a new development (not NRSWA)?	Yes ☐	No ☐
Please provide NRSWA reference number: Click or tap here to enter text.		
Do your works involve:		
electricity?	Yes ☐	No ☐
gas?	Yes ☐	No ☐
pumped water, gravity drain or sewerage?	Yes ☐	No ☐
telecoms?	Yes ☐	No ☐
Other? (e.g. oil pipeline)	Yes ☐	No ☐
Highway maintenance/improvements/potholes?	Yes ☐	No ☐
Are your works:		
within 200m of a level crossing?	Yes ☐	No ☐
on overhead lines near/crossing the railway?	Yes ☐	No ☐
on a bridge over the railway?	Yes ☐	No ☐
under a bridge carrying the railway?	Yes ☐	No ☐
<i>Please attach your traffic management plan</i>		
<i>If you need to inform Network Rail of a power outage, please contact: PowerOutage@networkrail.co.uk</i>		

PLANNING AND CONSENTS (Skip this section if not required)

Please confirm whether there are any Network Rail Wayleaves, Easements, or Licences that relate to the site? If not, and you require one, please contact the Property Services team for your area. If you are a Statutory supplier, proposing works in relation to utilities and services, please contact: Easements&wayleaves@networkrail.co.uk .	Yes ☐	No ☒
Please confirm if you have applied to a Local Authority for planning permission	Yes ☐	No ☒
Provide details of planning application – name of authority, reference number and date approval granted, if applicable: Click or tap here to enter text.		
Is there a Development Consent Order, Compulsory Purchase order (DCO/CPO) associated with these works?	Yes ☐	No ☒
Provide DCO/CPO details: Click or tap here to enter text.		
Is any part of the site on former railway land or are there any Restrictive Covenants in favour of Network Rail, Railtrack or British Railway Board in relation to this site?	Yes ☒	No ☐

Are you using a crane or mobile plant?	Yes ☒	No ☐
If yes, please specify type e.g. MEWP, mobile crane etc: Mobile crane, Not been designed or specified as of yet, will also be required to use MEWPS, scissor lifts, not specified as of yet.		
Are you constructing a building/development adjacent or carrying out repairs/maintenance/alterations? Please specify type of foundations or ground remediation details in 'additional information' section at the end	Yes ☒	No ☐
Do your works include scaffolding or working at height? If yes, please give details in 'additional information' section at the end	Yes ☒	No ☐
Are you demolishing existing buildings?	Yes ☒	No ☐
Are your works near a railway tunnel?	Yes ☐	No ☒
If yes, please provide the tunnel name if you know it: Click or tap here to enter text.		

WORKS AFFECTING NETWORK RAIL ASSETS

Do your works involve any of the following:		
Construction of a new bridge over/under the railway	Yes ☐	No ☒
Demolition / alteration/ maintenance of a bridge structure	Yes ☐	No ☒
Bridge Inspection	Yes ☐	No ☒
Installation of a new under track crossing for new pipes / cables / ducts across the railway corridor	Yes ☐	No ☒
Renewal or laying of additional pipes / cables / ducts in an existing route	Yes ☐	No ☒
Railway overhead electrification lines	Yes ☐	No ☒
A Flood defence scheme?	Yes ☐	No ☒
Excavations on or near NR property	Yes ☒	No ☐
Drainage on or near NR property	Yes ☒	No ☐
Ground investigations on or near NR property	Yes ☒	No ☐
Erection of telecoms masts & interference analysis	Yes ☐	No ☒
Works at stations	Yes ☐	No ☒
Fencing and boundary works	Yes ☒	No ☐

MAPS, DRAWINGS & PLANS

Please attach location maps plus any general Arrangement, Elevations, Drainage, Foundation Layout, Site levels as applicable.

Please supply photos of the site if available to help us understand any specific site constraints or hazards that are present.

Please note there is a limit size of 10Mb for each email sent to Network Rail. Due to security we are unable to access most drop box facilities.

Additional Information: building works consist of some smaller single storey structures for some welfare facilities next to the NR boundary wall to the project. as shown on the drawing. For us to remove the old roof system we will be required to install perimeter scaffolding around the entire building, we may be required to encroach the boundary line fencing, to the north of the project, so that we can install the scaffolding and strip the roof. We will be installing some new drainage runs including an attenuation tank due to the size of the project footprint, and will be connecting into the existing culverts which run through the redline boundary of our development. The only structural foundations which will be required is to Winter maintenance structures to the north east of the site.

Thank you for taking the time to complete this questionnaire.

Please send it, with any attachments, to the appropriate Asset Protection Team for your location – see map on the [Website](#) for reference. A member of the area team will then contact you to discuss your works.
