

Waste Management Plan

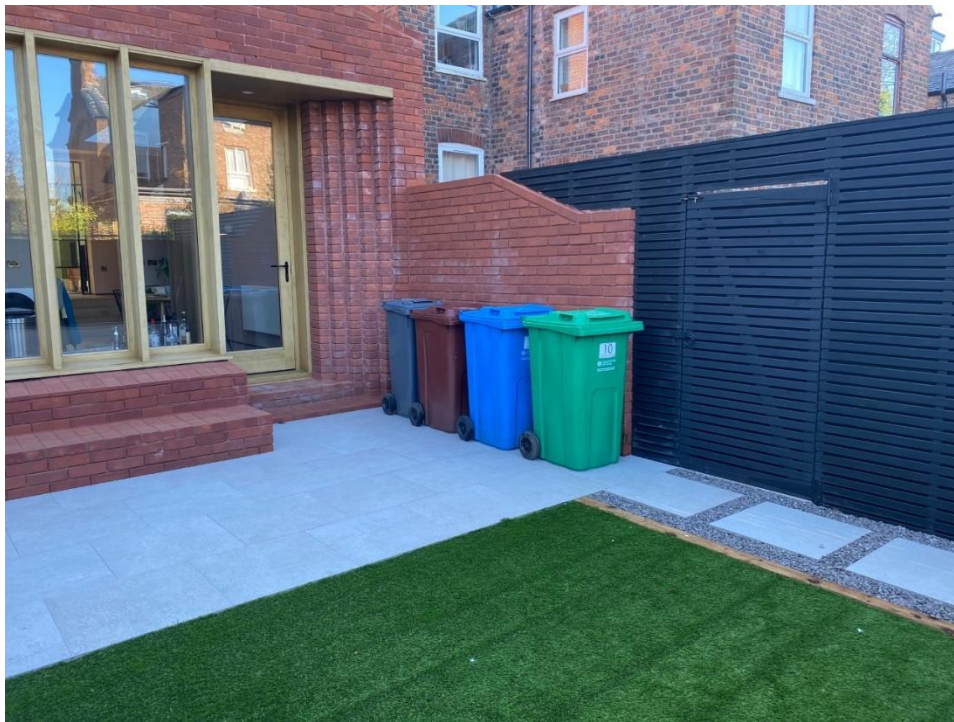

10 Stockton Road, Chorlton, M21 9ED

Application: 127310/FO/2020

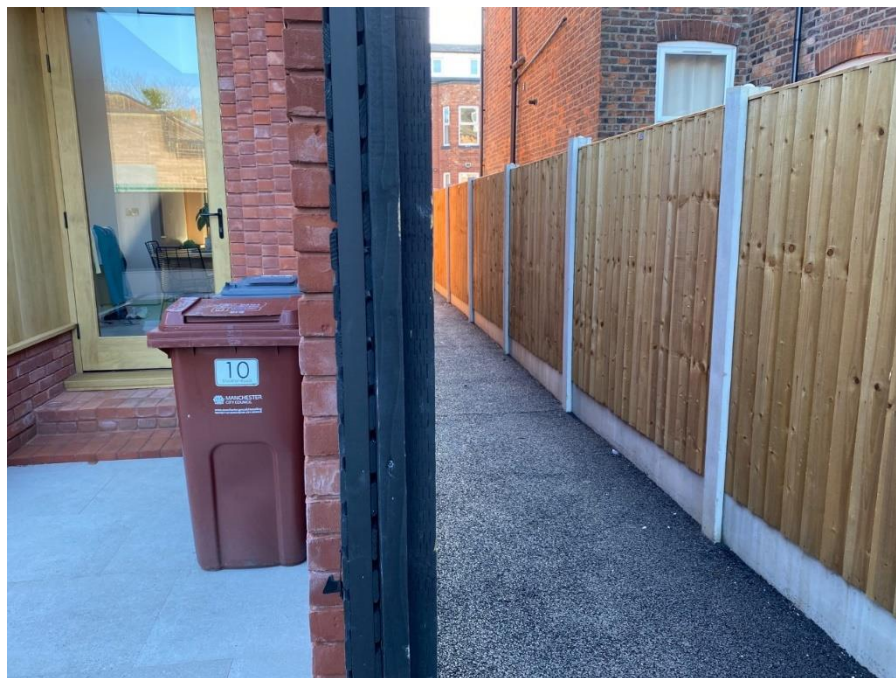

18th March 2022

Further to the construction of the replacement dwelling at the above address, the below pictures and associated captions outline the following:

- 1. Where the bins will be stored*
- 2. Access for the bins to be brought to the front of the property for the collection, and back to the rear for storage*
- 3. Where the bins will be left for collection and waste disposal*

-
- 1. The bins will be stored in the enclosed rear garden of the property.*
-

2. The bins will be taken to the front of the property, on relevant collection days, via the side gate of the rear garden and down the side alleyway to the front of the property.

3. The bins will be placed in front of the front boundary wall, on the pavement, ready for collection in the same manner as the surrounding properties.

Following bin collection, the bins will be again taken along the side alley and stored in the rear garden of the property.
