Disclaimer

The location of underground services shown on this drawing has been determined using electromagnetic and GPR radar techniques and visual observations. No guarantee can be given that all services have been shown on the drawing. The relevant service drawings should be obtained from the appropriate service providers company and used in conjunction with this drawing. No guarantee can be given that the accuracy and completeness of any service provider record information shown in this drawing and no liability will be accepted for any losses that arise due to a lack of accuracy in any service providers record information. Reference should also be made to historical plans and to built drawings. Exceptions in the vicinity of services should be carried out with due diligence and 'HS&G' document. Location accuracy is determined by referring to manufacturers guidelines for the systems deployed. Reference should be made to the latest version of Discovery Services Ltd site procedures document for utility location surveys.
