As well as amendment to Condition 12 from:

to

"Each phase of development identified on the approved phasing plan shall not progress above ground floor slab until a scheme for the extraction of any fumes, vapours and odours from the premises hereby approved shall be submitted to, and approved in writing by, the City Council as local planning authority. The approved scheme shall be implemented prior to occupancy and shall remain operational thereafter."

Are you intending to substitute amended plans or drawings?

☐ Yes ☒ No

Please state why you wish to make this amendment

The project timescales have now altered, therefore it is necessary to alter the trigger point of the condition wording to be reflective of the projected programme trajectory and align with the programme of Plot E2 whereby the full technical details are required for a permanent end-use.

The proposed amendments do not alter the form of the development approved and will be dealt with appropriately as each phase of the development progresses. It has been concluded that the change will not materially alter the originally approved scheme and is therefore considered to be non-material to its determination.

7. Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

☒ Yes ☐ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

It is an important principle of decision-making that the process is open and transparent. ☐ Yes ☒ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
