

Important – Planning permission & notices of consent

Compliance with conditions

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures to protect trees.
- Some conditions will require action before you start development and it is imperative that you seek to have these discharged before any work commences.
- Whilst every effort has been made to group conditions logically, it is your responsibility to ensure that you are aware of the requirements and/or restrictions of all conditions.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.
- A fee is payable for each request to discharge conditions.
- For advice on any of these matters, please contact Planning, Manchester City Council, PO Box 532, Town Hall, Manchester M60 2LA or email planning@manchester.gov.uk

Town & Country Planning Act 1990 (as amended)

Planning Permission

Applicant

Manchester City Council
Town Hall
Manchester

Agent (if used)

Mr John Cooper
Deloitte LLP
The Hanover Building
Corporation Street
Manchester
M4 4AH

Part 1 – Particulars of the application/development

Proposal: CITY COUNCIL DEVELOPMENT for the construction of a new walking and cycling bridge crossing the Ashton Canal and delivery of new ramped access on the Ashton Canal towpath, including earthworks, landscaping and other associated works

Location: Lock Number 3 Along The Ashton Canal Towpath, Manchester, M4 6DH

Date of application: 13 August 2021

Application number: 131345/VO/2021

Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Approved** in accordance with the application and plans submitted subject to the condition(s) listed below (if any).

Article 35 Declaration

Officers have worked with the applicant in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application. Pre application advice has been sought in respect of this matter where early discussions took place regarding the siting/layout, scale, design and appearance of the development along with highways and other environmental considerations. Further work and discussion have taken place with the applicant through the course of the application. The proposal is considered to be acceptable and therefore determined within a timely manner.

Condition(s) attached to this decision

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

Drawings

ICB-HBA-ZZ-XX-DR-A-PL20 0101 REV P1, ICB-HBA-ZZ-XX-DR-A-PL20_0001 REV P1, ICB-HBA-ZZ-XX-DR-A-PL20 0102 REV P1, ICB-HBA-ZZ-XX-DR-A-PL20 0203 REV P1 and ICB-HBA-ZZ-XX-DR-A-PL20 0303 REV P1 stamped as received by the City Council, as Local Planning Authority, on the 13 August 2021

ICB-HBA-ZZ-XX-DR-A-PL20 0202 REV P1, ICB-HBA-ZZ-XX-DR-A-PL20 0302 REV P1, ICB-HBA-ZZ-XX-DR-A-PL20 0400 REV P1 and ICB-HBA-ZZ-XX-DR-A-PL20_0103 P1 stamped as received by the City Council, as Local Planning Authority, on the 11 October 2021

Design and access statement stamped as received by the City Council, as Local Planning Authority, on the 11 October 2021

Bat Survey Report, Preliminary ecological appraisal, Ground conditions report, Heritage Statement, Outline construction methodology and planning statement stamped as received by the City Council, as Local Planning Authority, on the 13 August 2021

Reason - To ensure that the development is carried out in accordance with the approved plans. Pursuant to policies SP1 and DM1 of the Core Strategy.

3) Prior to the commencement of development, a detailed construction management plan outlining working practices for the proposed development construction shall be submitted to and approved in writing by the Local Planning Authority.

For the avoidance of doubt the construction management plans shall include:

- o Display of an emergency contact number;
- o Communication strategy with residents;
- o Details of Wheel Washing;
- o Dust suppression measures, including Include the steps to be taken to prevent the discharge of silt-laden run-off, materials or dust or any accidental spillages entering the waterway;
- o Compound locations where relevant;
- o Location, removal and recycling of waste;
- o Routing strategy and swept path analysis;
- o Parking of construction vehicles and staff; and
- o Sheeting over of construction vehicles.
- 0 A plan showing the areas of storage of plant and materials used in constructing the development;
- 0 Details specifying how the waterway corridor and its users would be protected during the works and include any details of proposed protective fencing/netting to be erected to safeguard the waterway infrastructure during site clearance/construction/installation.

Manchester City Council encourages all contractors to be 'considerate contractors' when working in the city by being aware of the needs of neighbours and the environment. Membership of the Considerate Constructors Scheme is highly recommended.

The development shall be carried out in accordance with the approved construction management plans for the duration of the demolition and construction parts of the development.

Reason - To safeguard the amenities of nearby residents and highway safety, pursuant to policies SP1, EN9, EN19 and DM1 of the Manchester Core Strategy (July 2012).

4) Prior to the commencement of development, details of a surface water drainage layout for the site, based on sustainable drainage principles, together with details of how the scheme shall be maintained and managed after completion, shall be submitted for approval in writing by the City Council, as Local Planning Authority. The development shall be undertaken and managed in accordance with the approved details and be in place prior to the first use of the development.

Reason - To prevent the increased risk of flooding, to improve and protect water quality and ensure future maintenance of the surface water drainage system pursuant to policy EN17 of the Manchester Core Strategy (2012).

5) a) Before the development hereby approved commences, a report (the Preliminary Risk Assessment) to identify and evaluate all potential sources and impacts of any ground contamination, groundwater contamination and/or ground gas relevant to the site shall be submitted to and approved in writing by the City Council as local planning authority. The Preliminary Risk Assessment shall conform to City Council's current guidance document (Planning Guidance in Relation to Ground Contamination).

In the event of the Preliminary Risk Assessment identifying risks which in the written opinion of the Local Planning Authority require further investigation, the development shall not commence until a scheme for the investigation of the site and the identification of remediation measures (the Site Investigation Proposal) has been submitted to and approved in writing by the City Council as local planning authority.

The measures for investigating the site identified in the Site Investigation Proposal shall be carried out, before the development commences and a report prepared outlining what measures, if any, are required to remediate the land (the Site Investigation Report and/or Remediation Strategy) which shall be submitted to and approved in writing by the City Council as local planning authority.

b) When the development commences, the development shall be carried out in accordance with the previously agreed Remediation Strategy and a Completion/Verification Report shall be submitted to and approved in writing by the City Council as local planning authority.

In the event that ground contamination, groundwater contamination and/or ground gas, not previously identified, are found to be present on the site at any time before the development is occupied, then development shall cease and/or the development shall not be occupied until, a report outlining what measures, if any, are required to remediate the land (the Revised Remediation Strategy) is submitted to and approved in writing by the City Council as local planning authority and the development shall be carried out in accordance with the Revised Remediation Strategy, which shall take precedence over any Remediation Strategy or earlier Revised Remediation Strategy.

Reason - To ensure that the presence of or the potential for any contaminated land and/or groundwater is detected and appropriate remedial action is taken in the interests of public safety, pursuant to policies DM1 and EN18 of the Core Strategy.

6) Prior to the commencement of the development, a construction environmental management plan (CEMP: biodiversity) shall be submitted for approval in writing by the City Council, as Local Planning Authority.

The CEMP (Biodiversity) shall include the following.

- a) Risk assessment of potentially damaging construction activities.
- b) Identification of "biodiversity protection zones".
- c) Practical measures (both physical measures and sensitive working practices) to avoid or reduce impacts during construction (may be provided as a set of method statements).
- d) The location and timing of sensitive works to avoid harm to biodiversity features.
- e) The times during construction when specialist ecologists need to be present site to oversee works.
- f) Responsible persons and lines of communication.
- g) The role and responsibilities on site of an ecological clerk of works (ECoW) or similarly competent person.
- h) Use of protective fences, exclusion barriers and warning signs.

The approved CEMP shall be adhered to and implemented throughout the construction period in accordance with the approved details.

Reason - In the interest of minimising the impact on the Site of Biological Importance pursuant to policy EN15 of the Manchester Core Strategy (2015).

7) Prior to the commencement of the development, all material to be used on all external elevations of the development shall be submitted for approval in writing by the City Council, as Local Planning Authority. This shall include the submission of samples and specifications of all materials to be used on the structure along with jointing and fixing details and a strategy for quality control management.

The approved materials shall then be implemented as part of the development.

Reason - To ensure that the appearance of the development is acceptable to the City Council as local planning authority in the interests of the visual amenity of the area within which the site is located, as specified in policies SP1 and DM1 of the Core Strategy.

8) (a) prior to any above ground works details of the hard and soft landscaping scheme (including appropriate materials, specifications) shall be submitted for approval in writing by the City Council as Local Planning Authority.

(b) The approved scheme shall be implemented prior to the first occupation of the residential element of the development. If within a period of 5 years from the date of the planting of any tree or shrub, that tree or shrub or any tree or shrub planted in replacement for it, is removed, uprooted or destroyed or dies, or becomes, in the opinion of the local Planning Authority, seriously damaged or defective, another tree or shrub of the same species and size as that originally planted shall be planted at the same place.

Reason - To ensure that a satisfactory landscaping scheme for the development is carried out that respects the character and visual amenities of the area, in accordance with policies SP1, EN9 and DM1 of the Core Strategy.

9) The development hereby approved shall include a site lighting scheme and a scheme for the illumination of external areas during the period between dusk and dawn. Prior to the first use of the development, full details of such a scheme for the development shall be submitted for approval in writing by the City Council, as Local Planning Authority. The approved scheme shall be implemented in full prior to the first use of the development and shall remain in operation for so long as the development is occupied.

Reason - In the interests of amenity, crime reduction and the personal safety of those using and ensure that lighting is installed which is sensitive to the bat environment the proposed development in order to comply with the requirements of policies SP1 and DM1 of the Core Strategy.

Informatives

Building Regulations 2010

This permission does not grant approval under Building Regulations.

Street Naming & Numbering Requirements

Manchester City Council is responsible for allocating street naming and numbering within Manchester for new developments or property conversions. Individuals or businesses are not permitted to allocate their own property numbers, building or street names.

If your development includes the creation of new dwellings (either new build or conversion of existing buildings), creation of new commercial properties or the subdivision of existing properties you must ensure that you request new or changes to addresses through us so they can be officially allocated and registered in accordance with the Public Health Act 1925 Sections 17-19 & Greater Manchester Act 1981 Section 22.

Failure to do this may result in difficulties for the developer/occupier when requiring services such as connections to utilities, phone lines and postal services and may delay your development.

You can apply online at the following address:

http://www.manchester.gov.uk/info/100011/roads_parking_and_transport/1988/naming_and_numbering_of_houses_buildings_streets_and_roads/2

Mining Information

The proposed development lies within an area which could be subject to current coal mining or hazards resulting from past coal mining. Please read the Standing Advice from the Coal Authority in Appendix A.

- The applicant/developer is advised to contact the Canal & River Trust Infrastructure Services Team on 01782 779909 or email Enquiries.TPWNorth@canalrivertrust.org.uk in order to ensure that any necessary consents are obtained to ensure waterways are protected and safeguarded.

- The applicant is advised to continue liaising with the Trusts Estate Management Team on 0303 040 4040 or email Matthew.Hart@canalrivertrust.org.uk directly to discuss this matter and reach agreement in terms of the proposed bridge over the Ashton Canal and ongoing maintenance.

Date: 5 November 2021

Signed: 

Julie Roscoe

Manchester City Council, P O Box 532, Town Hall, Manchester M60 2LA

Notes

1. This permission refers only to that required under the Town and Country Planning Act 1990 does not include any consent or approval under any other enactment, byelaw, order or regulation.

2 If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, they may appeal to the Secretary of State in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of the notice of the decision.

The Planning Inspectorate have introduced an online appeals service that can be used to make appeals online. This service is available through the gov.uk website – www.gov.uk/planning-inspectorate. The Inspectorate will publish details of your appeal on the internet. Alternatively If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances that excuse the delay in giving notice of appeal.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the City Council (planning@manchester.gov.uk) and the Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

3. The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70(1) and 72(1) of the Act.

4. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that they can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase their interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990

5. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to them. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
